Aaron,

Please find attached the supplemental ethics questions for the three planned meetings this fall/winter. Please let me know if you need any additional information.

I was also hoping that you can confirm that the PM ISA meeting on Dec. 12-13 is going to be at Research Triangle Park in NC. I am planning my travel for my meeting that is scheduled immediately before the CASAC meeting, and I just want to double-check the location.

Best,

Sabine

Chartered CASAC Members,

Attached are Supplemental Ethics Questions that must be completed before starting work on any of the CASAC activities. We have 3 upcoming reviews (NOx/SOx/PM Secondary NAAQS Second Draft ISA Quality Review, Ozone IRP, and PM First Draft ISA). There is a separate form for each activity. Please answer each form with respect to the document under review as well as any publications or statements made regarding the respective NAAQS associated with those documents (i.e. NOx/SOx/PM Secondary NAAQS, Ozone NAAQS, PM NAAQS).

Please return the forms no later than Monday, October 22, 2018, to me and Wanda Bright ([bright.wanda@epa.gov](mailto:bright.wanda@epa.gov)).
